BRC Chair Matty McKernan delivers his excellent response.

Doesn't everyone have a campfire at Lodge?

The Citation (in part)

"... By its leadership the Branch Rover Council was able to coordinate many Rovers who gave unstinting service across many venues in a very public manner, to the grateful appreciation of the fire victims and the admiration of the community at large, thus exemplifying the motto of the Rover Section, Service. Not only did this service bring great credit to the Rover Section, it also contributed substantially to the community standing of Scouting in Victoria."

Colour and vibrancy—all part of the great atmosphere
